

# BUDGET PROPOSAL

**Project Name/Title**

Garnet and Black Style Budget

**Project Description**

The Garnet and Black Style team is looking to start a budget to help fund our coveted Style Shoots for the 2021-2022 school year. This would really help with the growth of our team, as many college students cannot afford to spend 100\$ on clothing for every style shoot.

**Project Start Date**

August 25, 2021

**Target Completion Date**

May 3, 2022

## Equipment, Materials, and Supplies

	Item Name/Description	Quantity	Price (\$)	Amount (\$)
1	Clothing (per shoot)	20 shoots	50\$	1000\$
2	Makeup (per shoot)	20 shoots	15\$	200-300\$
3	Accessories and props (per shoot)	20 shoots	15\$	300\$
4				
5				
6				
7				
8				
9				
10				

**Total (\$)** 1200

### Reason/Justification

This would give more accessibility and diversity to our shoots, as our retailers currently offer very limited menswear and plus size clothing. It would also take the pressure off of our retailers by not solely relying on them for clothing and accessories. It also takes in to account other costs, such as props and other styling materials such as accessories and makeup.

## Events, Workshops, and Conferences Expenses

	Event Name/Description	Location	Date (Month & Year)	Amount (\$)
1	speaker (one time expense)	creative services	spring semester	0- 75\$
2				
3				
4				
5				
6				
7				
8				
9				
10				

**Total (\$)**

75

### Reason/Justification

This takes into account the cost of a guest speaker working in the fashion media space, who will speak at one of our style workshops during the spring semester.

**Grand Total (\$)**

1275
